

IPSO - This Certificate received the unique following number : IPSO20250228094949RBN.
The integrity and authenticity can be verified at any time on [Copyright.info](https://copyright.info) or by scanning the QR Code (active under 1h after the filing).

Datasure is the first and only Qualified Trust Service Provider (QTSP) recognized by the European Union that is exclusively specialized in intellectual property. The filings made on Datasure's platform ([Copyright.eu](https://copyright.eu)) enable the applicant to obtain proof of anteriority and integrity of the deposited intellectual creations. This certificate was automatically issued by an electronic seal and simultaneously time-stamped by a qualified electronic time-stamp token issued by Datasure as a qualified trust service provider (<https://european-trusted.eu/>). The integrity of the deposited files is verified with a digital fingerprint, calculated according to the SHA-256 hash algorithm, the international standard for computing integrity verification. Each Datasure's Certificate is then anchored in blockchain to allow public integrity verification at any time.
